

## PARTICIPANT REGISTRATION GUIDE

**Please note: This guide talks about standard configurations. All events are different and you may not see all the options we discuss within the event in which you're participating.**

Registering for an event is quick and easy!

You can hover over **Log In or Sign Up** located in the upper right-hand corner of the Event Home Page. A drop-down window will appear where you'll click on **Sign Up Now**.

There's also a **Register** option in the navigation bar along the top of the Event Home Page.

You may also be able to register by clicking the **Register For This Event** button below the thermometer displayed on the Event Home Page, an individual fundraiser's page, a team fundraising page, or a classification fundraising page.

There may also be a registration button along the bottom of the Event Home Page content area in the footer.

Clicking any of these choices will take you to the first step of registration, where you'll choose if you want to register as a **Fundraising Participant** and have your own fundraising page, or as a Non-Fundraising Participant, who will still take part in the event, but won't have a fundraising page. We'll be registering as a fundraiser for this example.

Once you choose your **Classification** (sometimes named differently), or if the event isn't configured with them, you'll be presented with the following registration options, depending on the event configuration:

- **Join a Team** To register for an event and join a team that has already been created, choose this option. For your convenience, a searchable drop-down menu of existing teams will display. You'll receive an individual fundraising page and set a personal goal. You'll also have access to your team's fundraising page, where you can monitor progress towards the team fundraising goal.
- **Create a Team** This option registers you for an event and allows you to create a team. You'll have a team fundraising page where you'll be able to set a team fundraising goal and customize content. You'll still have your own personal fundraising page and goal.
- **Continue as an Individual Fundraiser** This option will automatically create a personal fundraising page where you'll be able to customize content and set a fundraising goal, but you won't be on a team.
